X.

X is not used in the Italian language. We translate the X found in Latin words with a double S, as *Alessandro*, for *Alexander*, and sometimes with a single S, as *esempio*, for *exemplum*, which some of our ancient authors wrote also *esempio*. And if any of them ever used the letter X, they did it merely for fear of an equivocal, as in the word *Xanto*, a Greek river; which if it should be written with an S, would equivocate

with *Santo*, a saint. In such a case others use a Z, and write *Zanto*.
